From the Principal

School overview

The school is located in Brisbane close to Moreton Bay. It caters for students from Prep- Year 6 and has approximately 450 students and 18 class teachers. The school has undergone massive physical change as it was part of the State Schools of Tomorrow Program. State of the art classrooms with excellent ICT resources and new sporting facilities have been built, including our new \$3 million multipurpose hall. One main priority of our school is integrating ICT into everyday learning, with interactive whiteboards in every classroom, computers, digital cameras, teacher planning, Professional Development sessions and a dedicated computer lab. Our staff and community are committed to the Vision of 'Inspiring Young Minds for Success'. Our School Mission is "to professionally assist our students to be happy and to reach their personal potential in a caring environment. Our educational assistance and extension programs start in Prep and Year 1 when we implement a Metalinguistics and Support a Talker Program. High expectations, stimulating curriculum and caring and professional teachers ensure that all students achieve success at their own level of ability. Our Coaches works with teachers and students across the school in all areas of reading comprehension and literacy. Our focus on differentiation of the curriculum ensures that all students have a challenging yet achievable learning program. School and student data is collected at regular times of the year and is carefully analysed and used as a basis for teacher planning for individual student progress. We believe in Parents as First Teachers. All students' extra-curricula needs and interests are catered for with Music and Instrumental Music programs, French language program, Interschool sport, swimming lessons in our swimming pool, Physical Education program, Learning Support, Cultural activities and Gifted and Talented extension programs. The Student Council and School Leaders program provides leadership opportunities for all students. We also have a Special Education program for identified students with speech, physical and/or intellectual impairment. The Year 6 students enjoy their camp every year to Maleny. Our school has implemented the Positive Behaviour Support Program. Our school rules are - Be Safe, Be Responsible, Be Respectful and Be a Learner. Lessons supporting the four school rules are taught in every classroom fortnightly. Enrichment activities fro identified students are around STEM. Progress is monitored by the extension teacher. Lunchtime clubs such as Garden Club, Recorder Band, Games and Science club ensure that students are offered a wide variety of special interest activities. Our Chaplaincy program is well underway with Friendship and Getting Ready for High School programs. We have a weekly Playgroup which aligns with the Playgroup Australia Guidelines for toddlers under school age - this provides a great start to their learning and provides a social network for parents. After School, Before School and Vacation Care is provided on the school campus by Helping Hands. Privately run after school activities such as Drama, Swimming lessons, Keyboard and Guitar lessons are also available to the public. We enjoy the support of an active P&C Committee who work hard to assist the school financially and provide a sense of community for all Wynnum West students and families. Visit the school website for more information.

Note:

The [class size](#) targets for composite classes are informed by the relevant year level target. Where composite classes exist across cohorts (e.g. year 3/4) the class size targets would be the lower cohort target.

Curriculum implementation

The P–12 curriculum, assessment and reporting framework specifies the curriculum, assessment and reporting requirements for all Queensland state schools' principals and staff delivering the curriculum from Prep to Year 12. Further information on school implementation of the framework is available at <https://education.qld.gov.au/curriculum/stages-of-schooling/p-12>.

Extra-curricular activities

Queensland state schools provide a wide range of subjects and extra curricula activities such as sport, art, music and school camps. Further information can be found here <https://www.qld.gov.au/education/schools/information/programs>.

How information and communication technologies are used to assist learning

Information and communication technologies (ICT) are an important part of contemporary schooling. The Australian Curriculum includes ICTs as a general capability across all learning areas, as well as Digital Technologies as a specific learning area. Further information on models used by schools to assist learning is available at <https://education.qld.gov.au/parents-and-carers/school-information/student-ict-device-programs/one-to-one-models>.

Social climate

Overview

Each Queensland state school develops and enacts policies to support an integrated approach to behaviour, learning and teaching.

Our Student Code of Conduct is our school's behaviour policy, with information about school rules, consequences and processes for addressing bullying and the use of technology. A copy of this is available on our school website.

Further information is also available at <https://www.qld.gov.au/education/schools/health>.

Parent and community engagement

Our approach to engaging with parents and the community is aligned to the departments Parent and community engagement framework. The framework helps students, schools, parents and the community to work together to maximise student learning and wellbeing. Research shows parent and community engagement that is effectively focused on student learning can deliver powerful outcomes. Further information is available at <https://education.qld.gov.au/parents-and-carers/community-engagement>

Respectful relationships education programs

Our school has implemented the Respectful relationships education program (RREP) as part of the broad multi-departmental Queensland Government approach to ending domestic and family violence.

The RREP is a Prep to Year 12 prevention program that focuses on influencing behavioural change to build a culture based on equality and respect in our students, staff, parents and wider community. Students are provided opportunities to explore social and emotional learning in self-awareness, self-management, social awareness, relationships, ethics, values, social norms, gender roles, stereotypes, human rights, risk and responsible decision-making. A growing body of evidence shows that social and emotional learning of this nature leads to:

- improved social and emotional skills, self-concept, bonding to school and classroom behaviour
- less disruptive classroom behaviour, aggression, bullying and delinquent acts
- reduced emotional distress such as depression, stress or social withdrawal.

Further information is available at <https://education.qld.gov.au/curriculum/stages-of-schooling/respectful-relationships>

School disciplinary absences

Table 6: Count of incidents for students recommended for school disciplinary absences at this school

Type of school disciplinary absence	2017	2018	2019
Short suspensions – 1 to 10 days	47	78	38
Long suspensions – 11 to 20 days	0	0	0
Exclusions	0	0	0
Cancellations of enrolment	0	0	0

Note:

School disciplinary absences (SDAs) are absences enforced by a school for student conduct that is prejudicial to the good order and management of the school.

Environmental footprint

Reducing this school's environmental footprint

Environmental education has been a feature of Queensland schools for more than 30 years. In many schools it has been creatively and proactively incorporated into the curriculum in each phase of learning, and is also reflected in the school's facilities and in the actions of its principals, teachers and students.

Table 7: Environmental footprint indicators for this school

Utility category	2016–2017	2017–2018	2018–2019
Electricity (kWh)	202,912	202,318	191,653
Water (kL)	2,210	962	1,746

Note:

Consumption data is compiled from sources including ERM, Ergon, CS Energy reports and utilities data entered into OneSchool* by schools. The data provides an indication of the consumption trend in each of the utility categories which impact on this school's environmental footprint.

*OneSchool is the department's comprehensive software suite that schools use to run safe, secure, sustainable and consistent reporting and administrative processes.

Qualification of all teachers

The Queensland College of Teachers (QCT) is responsible for ensuring that teaching in Queensland schools is performed by an appropriately qualified person, that has successfully completed either -

- (a) a four-year initial teacher education program including teacher education studies of at least one year (e.g. a Bachelor of Education, or a double Bachelor degree in Science and Teaching) or
- (b) a one-year graduate initial teacher education program following a degree (e.g. a one-year Graduate Diploma of Education (Secondary) after a three-year Bachelor degree) or
- (c) another course of teacher education that the QCT is reasonably satisfied is the equivalent of (a) or (b). These are considered on a case-by-case basis.

Professional development

Teacher participation in professional development

Queensland state schools undertake 5 staff professional development days (25 hours) throughout the year:

- 2 days at the end of the summer holidays (fixed)
- 2 days during the Easter holidays (flexible)
- 1 day in the third last week of Term 3 (fixed) on the student free day.
